

## Dan Jacobs - Dim Sum Give Sum Fundraiser

When Dan Jacobs learned he had Kennedy's disease he decided to do something about it. Utilizing his skills and connections as a chef and restaurant owner, he developed a plan to raise funds... and so DimSumGiveSome was born. In his home city of Milwaukee, he invited the best restaurants to showcase their talents in a fundraiser for the KDA. Thirty two restaurants created a feast of appetizers, signature dishes and desserts donating their time, talent and food. 520 people enjoyed this unique opportunity to sample the best of Milwaukee's dining. *Over \$25,000 dollars was raised* and Dan learned he isn't facing the challenges of KD alone, he has the hearty support of family, friends, colleagues and his community.
